This exhibition presents a significant body of recent paintings by Walker, including a dynamic series of seven large scale predominantly blue and white canvases.

Pared down, bold and expressive, these paintings are full of vigour, vitality and freedom reflecting an artist who, now in his ninth decade, is working with as much fervour as ever.

*"Life, painting — you don't always win. Walker...keeps taking chances. That's one reason he's so great."* Cate McQuaid, The Boston Globe
